

# Learning Live 2022 Presentations

30th November to 1st December

## **Rootzones**

Gavin Kelly – Profile Products

### **Learning Outcomes**

Choosing the right rootzone mix for your site. Presentation will discuss some important factors that influence the right choice of rootzone sand and amendment.

### **Brief / Outline of the projects in these case studies**

Assessing through Accredited Labs (ETL, ISTRC, Tifton, etc.) the available rootzone sands for new builds / greens renovations

### **What challenges did you face during this project?**

Finding viable rootzone sands that will / could meet the designers specification

### **What innovations did you employ in this project?**

Testing the preferred sands with / without amendments to reach desired performance criteria

# Learning Live 2022 Presentations

30th November to 1st December

## **What Went Well or What Went Wrong? Or ... Would you do anything differently?**

Sometimes the initial lab mix does not match the blended batch mix.
